To Whom It May Concern,

TORCON div. of Aliya International Inc. has completed many projects for us over the years here in Toronto. The quality of their work is excellent and the work is always completed on time and within budget, accommodating all changes and adjustments to the site conditions and management desires as required. They are thorough with their quotes, meet agreed deadlines and their work is impeccable. Complete satisfaction is guaranteed and work is not completed until this is ensured.

Our projects with them have ranged from building Phase 2 of our offices to maintenance and repairs, from only a few thousand dollars to over eight hundred thousand dollars. Whatever the value of the project, with their invaluable experience, consistent reliability and quality service, I know the project will be a success.

It is without reservation that I afford TORCON div. of Aliya International Inc. my highest recommendation for any construction related project, be it with your company or anywhere else.

Yours Truly,

George Scorsis
General Manager, Red Bull Canada
